## INSTRUCTIONS FOR AUTHORS OF ARTICLES

- \* Issued quarterly - Contributors are invited to submit material for editorial consideration addressed to the Editor.
- \* The Journal publishes articles contributing to the advancement of engineering science and applications.
- \* Scientific articles are accepted after being evaluated by two professional judges and may be typewritten in Arabic or English and should start with abstracts in both languages.
- \* The Journal does not hold itself responsible for the opinions or the contents expressed by the authors.
- \* Authors' names should be given in full, in both languages, together with their academic titles and professional occupations
- \* Articles may not exceed eight pages. In this respect, mathematical derivations may be abbreviated and tables replaced by computer-devised curves. Three photocopies of the article are to be sent along with a compact disk (CD).
- \* Curves to be drawn on tracing paper, and to occupy half a page at most. Exceptionally, full-page curves or plates are admitted. Curves presented will be scaled down to these sizes. Figures and lettering on curves should not be less than 3 mm even after scaling down.
- \* References to be given at the end of each article and classified alphabetically according to author's name followed by the name of the journal or book and the date of issue.
